OmniSound® 2.0 – a sound sensation

Our patented audio technology, OmniSound®, is embedded into all Konftel phones to ensure crystal-clear voice transmission. OmniSound® 2.0 provides the Konftel 250 with the capability to deliver an even more impressive audio quality. Just like OmniSound®, OmniSound® 2.0 uses **full duplex**, an omni-directional microphone and three speakers for optimal audio performance. OmniSound® 2.0 features **noise suppression**, that minimises distracting background noise and an **equaliser** that allows you to adjust sound levels during meetings.
